

# Nicholas Maiorano

Software Engineer

## SUMMARY

Software engineer with a talent for creative thinking and problem solving. I believe with the right team anything can be accomplished.

## WORK EXPERIENCE

### Software Engineer at 100Devs, Remote

January 2022 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built accessible full stack web applications
- Applied agile methodologies like SCRUM for project management

### Recent Projects:

**My Plant Journal** – A full stack application that helps track your garden to help maximize your time and crop yield.

**Other Projects:** On-demand background color changer for Partnered Twitch streamer, Hades (supergiant) API for greek god information, Gameflex a social ranking site that allows gamers to flex on their friends.

### Freelance Full Stack Web Developer | Remote

January 2021 — Present

Created full stack web applications and static websites for different clients across small and medium-size businesses. Also, consulted on SEO and social media strategy. [Example](#)

### Owner of Pasquale Productions LLC | Denver, CO

July 2019 — January 2021

Conceptualized, filmed, edited, and delivered digital media projects. Balanced a rotating and ever-changing schedule to deliver multiple projects on time.

### Manager of Sweet Carolina BBQ Company | New Egypt, NJ

January 2017 — January 2018

Helped the owner transition business from food truck to restaurant and catering company. Managed a team of 12 people and trained them all with no previous experience in food service.
